NOTES:

® = registered with the Australian Brangus Cattle Association. Most other bulls are registerable - check with vendor

Horn Status: H = Horned, S = Scurred, P = Polled, PP = Polled and genetically tested to be homozygous polled.

Mouthing for dentition done by vet during BBSE since 7th August 2019.

All weights and scanning completed at CQLX by Lonie Stone on 22/09/2019 (after truck trip from vendors' properties)

Bull Breeding Soundness Evaluation completed by VBBSE accredited vet after 8th July 2019.

PTIC heifers have been pregnancy tested by a Vet

Catalogue changes: - lots 49, 50 and 51 are now registered.

- the photo on the inside of the back cover labelled "82" is actually lot 55.
